## San Gabriel Farmer Accident Victim

W. W. Smith, a farmer in the San Gabriel community, was drowned Thursday evening while irrigating his crops. He had hooked his tractor up to the water pump and was standing in the river adjusting the water suction pipe when the brakes on the tractor failed, and the machine rolled on him, pinning him between it and the water pump.

Sheriff Carl Black reported that when men went to the scene of the accident to get him out of the river, just outside of San Gabriel, a wrench truck had to be used to move the tractor before he could be extracted. The tractor was turned bottom side up on the victim.

According to a coroners report either the blow of the tractor or drowning could have been the cause of Smith's death.

Funeral services were held Saturday morning at 10:30 from the chapel of the Condra Funeral Home in Taylor. Burial was made in the San Gabriel Cemetery.

## L. L. Koenig Brings In First 1955 Milam County Bale of Cotton

Milam County had its first bale of cotton for the 1955 season brought into the Weems Gin in Cameron Monday.

The bale of cotton, picked from some 10 acres just outside the Cameron City limits, on Highway 77, was grown by L. L. Koenig. Koenig stated he had been farming all his life, for the past five

## Rosebud's First Bale Comes In Monday; Ted Ford Delivers

Ted Ford, a farmer from the Baileyville community, brought in the first bale of cotton for the Rosebud area Monday morning.

The 545-pound bale was ginned at the Wolfe and Son gin. This was the third or fourth first bale Ford has produced in that area.

Ford was presented a \$100 bonus by the Rosebud Chamber of Commerce. The bale has not yet been auctioned off.

years in this area, and this was the first time he had picked the first county bale.

There are 29 acres in the hill of about three-fourths bale per acre, this year in comparison with one-half bale per acre last year.

The early maturing cotton planted in April just before a bad freeze and picked this week was Qualer 60, with the remainder of Koenig's property planted in Watson, Cash Block Seven and more Qualer 60. He said that the rest of his cotton should be ready for picking next week.

Cotton gins in this immediate vicinity are expecting first ginning to start in about eight or 10 more days. A. E. Jones, manager of the Farmer's Gin in Cameron, said they ginned 1,347 bales last year and are expecting more through this year.

Bill Matyastik, owner and manager of the Matyastik Gin here, reported they had some 700 bales through in '54 and since the crops looked better this year are expecting more bales through this season.

Planters Gin in Maysfield is not yet opened up, with repairs now under-way.

## Farm Tour Thursday Is Big Success

A number of Cameron businessmen made the farm tour Thursday morning, July 21 sponsored by the Crops and Conservation Committee of the Chamber.

The group left the city about 9 o'clock returning shortly before noon.

The first farm tour was that of Joe and Kerman Mueck. Here J. D. Moore, county agent explained the farming methods used by these men.

The next stop was at the Gene Angell Farm. Cotton poisoning was inspected as well as the conditions and prospects as to the yield per acre. From here they toured the Randall Lake Farm, managed by C. O. Angell. The various breeds of cattle were viewed and the erection of new type feeding troughs for cattle.

Wilbur Beckhusen was the final stop of the tour. Here the cotton, maize (corn) and the building of a grain storage structure was viewed. Some of the grain on the Beckhusen farm will yield 3500 pounds to the acre. A number of modern farm practices were explained by county agent, Moore.

Mr. and Mrs. Truman Pembroke Charlotte, and Mrs. Marvel Hughes motored over to the Belton Dam Sunday afternoon. Returning home they visited in the home of Mr. and Mrs. Henry Eichenhorst of Buckholts.

## Farmers To Have Opportunity In Cost Sharing Legume Program

Milam County farmers will again have an opportunity to receive Federal Cost-Sharing thru the Milam County Agricultural Conservation and Stabilization office for a winter legume program to begin about September 1, 1955.

In 1954 when Milam County was designated in the Drouth Emergency Area, farmers received about 70 percent of the cost for seed and fertilizer and were permitted to harvest legume crops for hay, but not for seed.

The winter cover crop practice as originally set up in the county would have required producers to first seed an acreage equal to their past three-year average to their past three-year average to be eligible for ACP assistance. At a District Meeting of Agricultural Agencies in Waco on Friday of last week, this requirement was eliminated, information made available by Alva E. Sanders, Milam County ASC Office Manager reveals.

The 1955 Winter Legume Program Cost Sharing will provide only 50 percent of the cost for seed and fertilizer. Sanders advised, that the 1955 Program spe-

## Dr. Mrs. Howard Vacationing In Southern States

Dr. and Mrs. Charles H. Howard and son "Chip" left Friday for a two weeks vacation to several southern states. They plan to vacation in Tennessee, Mississippi, South Carolina and other sections of the southeastern part of the country.

Dr. Howard is associated with the Denson Clinic and a member of the medical staff at St. Edward Hospital. He and Mrs. Howard and "Chip" have been in Cameron for the past eighteen months and have made many friends here and throughout the county. Dr. Howard plans to be back in his office in about two weeks.

MILAM COUNTY FARM BUREAU QUEEN Miss Evelyn Smith, 16 year old daughter of Mr. and Mrs. H. W. Clark of San Gabriel was crowned queen Thursday night in ceremonies, at Simon-George Memorial Hall. At the coronation ceremony she was awarded \$25 in cash and a number of gifts and a bouquet of flowers. Her escort, Bill Stigall, son of Mr. and Mrs. William Stigall also of the San Gabriel community, is shown with her. Miss Smith will represent Milam County in the District 8 Farm Bureau Queen Contest scheduled in Waco some time in September.

## Mary Evelyn Smith Named Queen; Billie Marie Swanzy Runner-Up

Coming in as runner-up was Miss Billie Marie Swanzy, the 18 year old daughter of Mr. and Mrs. M. D. Swanzy of Burlington. She was awarded a rhinestone and pearl bracelet.

The program for the 500 spectators was opened with John A. Smith, Jr., president of the local Farm Bureau, giving the welcoming address and introducing the master of ceremonies Johnny Watkins, farm editor of TV Station KWTX in Waco.

Playing a selection of appropriate music for the queens was Mrs. D. M. Phillips of Thorndale.

The 14 girls reviewed before the

crowd on a stage beautifully decorated like a garden scene, complete with palms, callidums and a white picket fence. Mrs. Glass of Glass the Florist did the decorating.

Each of the contestants was presented with a Mexican silver band bracelet following the judging. They then descended from the stage and were met by their escorts and made their way to the auditorium exit.

Judges were Mr. and Mrs. George Clark of Lorena, Texas, J. A. Reat of Lexington and Mr. and Mrs. Klink Smith of Giddings.

## First Milam County Radio Station Begins Construction Monday

KMIL, designating a station which will serve all of Milam County, are the call-letters applied for by the new radio station here, officials of the concern announced today.

The 74 foot building, which will house three studios, two offices a control room and the transmitter is due to begin Monday, July 25.

The modern flat-roofed building will have a redwood front exterior which will be set off by long stone planter boxes and the sides of the building will be of matching construction on modernistic 20 stone.

The 500 watt station, which is to be located on the property next to the Narvie Caperton home on highway 36, just east of Cameron will be set back off the highway.

Completion date has been set by Hugo Aigner, contractor, as September first, with broadcasting to begin upon completion. The station will be 1330 on your radio dial.

Glenn Abercrombie, a partner in the venture, will move to Cameron on August 15, after which for convenience and appearance time applications for radio time will be taken. The broadcasting radius has been judged to cover from Waco to Austin and from Bryan to Killeen.

Rev. A. L. Gatewood of Rockdale will do the preaching. Rev. Gatewood is the pastor of the Meadowbrook Baptist Church in Rockdale and has held that pastorate for eleven months, coming to Rockdale from Columbus, Mississippi.

Rev. Gatewood worked a number of years as superintendent of city missions in New Orleans and Baton Rouge La. At present he is in the process of building a new church in Rockdale with completion date set for sometime in August. He will resume studies at Baylor University this fall where he is doing some work on this degree.

Mrs. Fox will have charge of the music for the revival. She and Rev. Fox have been at the Milam church for the past two years, moving there from Minnesota. He will receive his BA degree at Baylor at the end of the fall quarter in December.

Rev. Fox has extended an invitation to people in all sections of the county to attend the services. You'll always find that the man of the hour has made his plans for years.

## Night Performance First Annual Horse Show Draws Big Crowd

Gala flags encircled the Yoe High School Athletic field Friday night to provide the proper festive setting for the first annual Horse Show sponsored by the Cameron Saddle Club.

The well-planned A. Q. H. A. show went off on schedule, much to the satisfaction of the 153 riders and 1,200 spectators except for one accident. W. C. Evans of Little River, suffered injuries when his horse fell on him while he was competing in the Barrel Race. The accident occurred after W. C. Evans was already the declared first place winner of the race and he was taken to a

local hospital for treatment.

John Batte, general chairman of the show, announced that of the 9 clubs attending the show and entering the down-town parade at 5 p.m. Friday afternoon, the Heart O' Texas Club from Waco and the Longhorn Club of Temple tied for having the most members present with 21 registered from each club. Cameron's club had 59 members participating.

The Quarter horse show started promptly at 3 p.m. with 34 horses entered.

In the grand entry which preceded the show the host of riders marched in parade, cutting

the field in length-wise swaths in a colorful and stately review.

Dr. Jerry Miller, veterinarian from Waco acted as judge for the quarter-horse show and all the classes in the horse-show, with Ray Drurie of Waco handling the announcing.

## Deep Test Down To 12,315 Feet Shallow Wells Still Producing

An air of mystery still surrounds the deep oil test being made at the Texas Gulf Sulphur's Number one Fee near Milano. After completing their original permit depth, some 10,000 feet they applied for a deeper permit and reached the destined 11,000 feet a short while ago. Now they are reported to be down some 12,315 feet on a 13,500 permit.

Still silence premeates the oil record of the ever deepening test, with no accurate information on their findings reported. At one time it was reported they had discovered a 250 sand down around 10,000, but since that time — nothing. No reports, just the fact that they are still going down.

Other oil information in that area is about the same as in the past, more shallow wells are in the process of being drilled and contracts have been let to drill several others. The well now down some 900 feet on a 1500 foot permit on the Wilson land in the Jose Leal survey is reported to be halted at the present time due to the rig breaking down.

This fee, located about one mile due north of the O'Neal property, should be reaching completion within the next week.

Several shallow wells are now recorded in this newest oil find.

## Vicki Hannon Stricken With Polio; In Waco Hospital

Little Vicki Carol Hannon, six year old daughter of Mr. and Mrs. Victor Hannon of Cameron, is reported to have been stricken with an acute case of non-paralytic polio late Monday afternoon.

She was first taken to a Temple hospital and later, upon the advice of Henry Frey, director of the Bell County Health Unit, moved to the Crippled Children's Hospital in Waco.

Tuesday morning it was reported that she is responding to treatment, though no conclusive information will be available as to the severeness of her case for the next two to three days.

Vicki, who was mascot for the Yoemen in 1953, had not had the anti-polio shots since she is just

## Burlington To Get New Postoffice Building Soon

Walter G. Marek, postmaster at Burlington, has announced the construction of a new Postoffice Building in Burlington is in progress.

The postoffice will be located on Main Street. Marek sold the present postoffice building and adjoining to Roy Lindsey, Sr. who is scheduled to put in a new business in the old postoffice building. Lindsey is making plans for his building and will open his new business as soon as the postoffice is located in the new site.

## Farmers Penalized Who Over Plant Cotton Allotment

Many Milam County Farmers over-planted their cotton allotment this year according to Alva Sanders, head of the local A. S. C. office.

He stated that many of the farmers in this category are coming by the office this week to register their adjustments.

Any farmers guilty of over-planting, either by over-sight or mis-judging, was notified officially by mail after reporters measured their crops and told of the overage.

If their acreage is in excess of their allotment, Sanders stated, and the extra cotton is left standing, the farmer must pay 17.7 per pound penalty for the cotton on the extra acreage and his crop will not be eligible for a loan. The 17.7 is 50 per cent of the basic loan rate.

If they wish to make an ad-

justment, however, they may plow the extra cotton under and register their adjustment with the A. S. C. office and another measurement will be taken.

Sanders assured that even if they left the cotton standing it would not affect their farm history by either an increase or decrease in their 1956 allotment.

## Second Quarter Postal Receipts Lower Than 1954

Postal receipts for the second quarter, April May and June dropped to \$22,885.15 in 1955 from \$23,793.00 in 1954, postmaster John Hayes reported.

The approximate five per cent decrease in receipts held true in the month of June with \$6,148.83 in 1954 and \$5,827.75 in 1955.

Hayes added, however, that it looks like the receipts will increase in July of this year over the \$4,601. in 1954.

Hayes also reported that bids are

now open for a postal messenger, starting August 15, with bids taken by him now until July 25. He urged anyone seeking the position to contact him at the earliest possible date.

New mail delivery extensions all over the north-eastern part of the city have been started, with many new patrons on approximately 25 blocks now receiving delivery of mail.

Those receiving any kind of mail service were reminded by Hayes that, to date, mailing addresses have not been sufficiently corrected. He urged everyone receiving mail service at their home, at a different address other than their home, at the post office either by general delivery or box number, contact all parties that are sending them mail of their correct mailing address.

He further reminded that their house address is not necessarily their mailing address and expressed the hope that all corrections will be made in the near future.

## Navy's High School Program Being Used By Seniors

The Navy's high school graduate program is being taken advantage of by many of the high school seniors in this area. Chief David, Navy Recruiter for the Waco area announced.

The high school program enables qualifying seniors to be guaranteed a trade school in the field of their choice. A total of 316 seniors will be accepted under the high school program from Central and East Texas during the months of July and August. In the Electronics field alone there are 191 openings to be filled by seniors, the rest is evenly divided between the High School Seaman Recruit, High School Airman Recruit and High School Hospitalman Recruit.

The Trade Schools are located throughout the United States, high school graduates who qualify for

these schools will be sent to school upon completion of recruit training. At the present time young men enlisting in the Navy may choose between San Diego, California and Great Lakes, Illinois for their recruit training.

Appointment of Curt W. Reimann as Executive Director of the Texas Division of the American Cancer Society was announced by Travis T. Wallace of Dallas, President of the organization.

Reimann, who has been Acting Executive Director of the A. C. S. Texas Division since January 15, was officially notified of his appointment at a meeting of the Texas Division's Executive Committee.

Responsible for the direction of the American Cancer Society's program in Texas, Wallace stated, Reimann will continue to place special emphasis on strong local community organization for the control of cancer through public education, service to cancer patients and financial support of the total program which includes nationwide cancer research.

Few of our errors are ever serious until we make the error of denying them.

## Nita Archer Attends Youth Conference; TCU Convention

Nita Archer left Sunday for Brownwood where she will represent District 10 as service chairman at the State Christian Youth Fellowship Planning Conference.

There were youth leaders from various sections of the state present at the conference. Plans will be made for the CYF convention that will be held at Fort Worth.

After attending the conference, Nita will accompany the planning group to Fort Worth for the convention which was held July 20 - 30 at T.C.U.

Jimmy Markham and Barbara Tyler of Rockdale, District 10 president, accompanied Miss Archer to Brownwood.

From where I sit... by Joe Marsh

## Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old gentleman about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Granddad's right," he says.

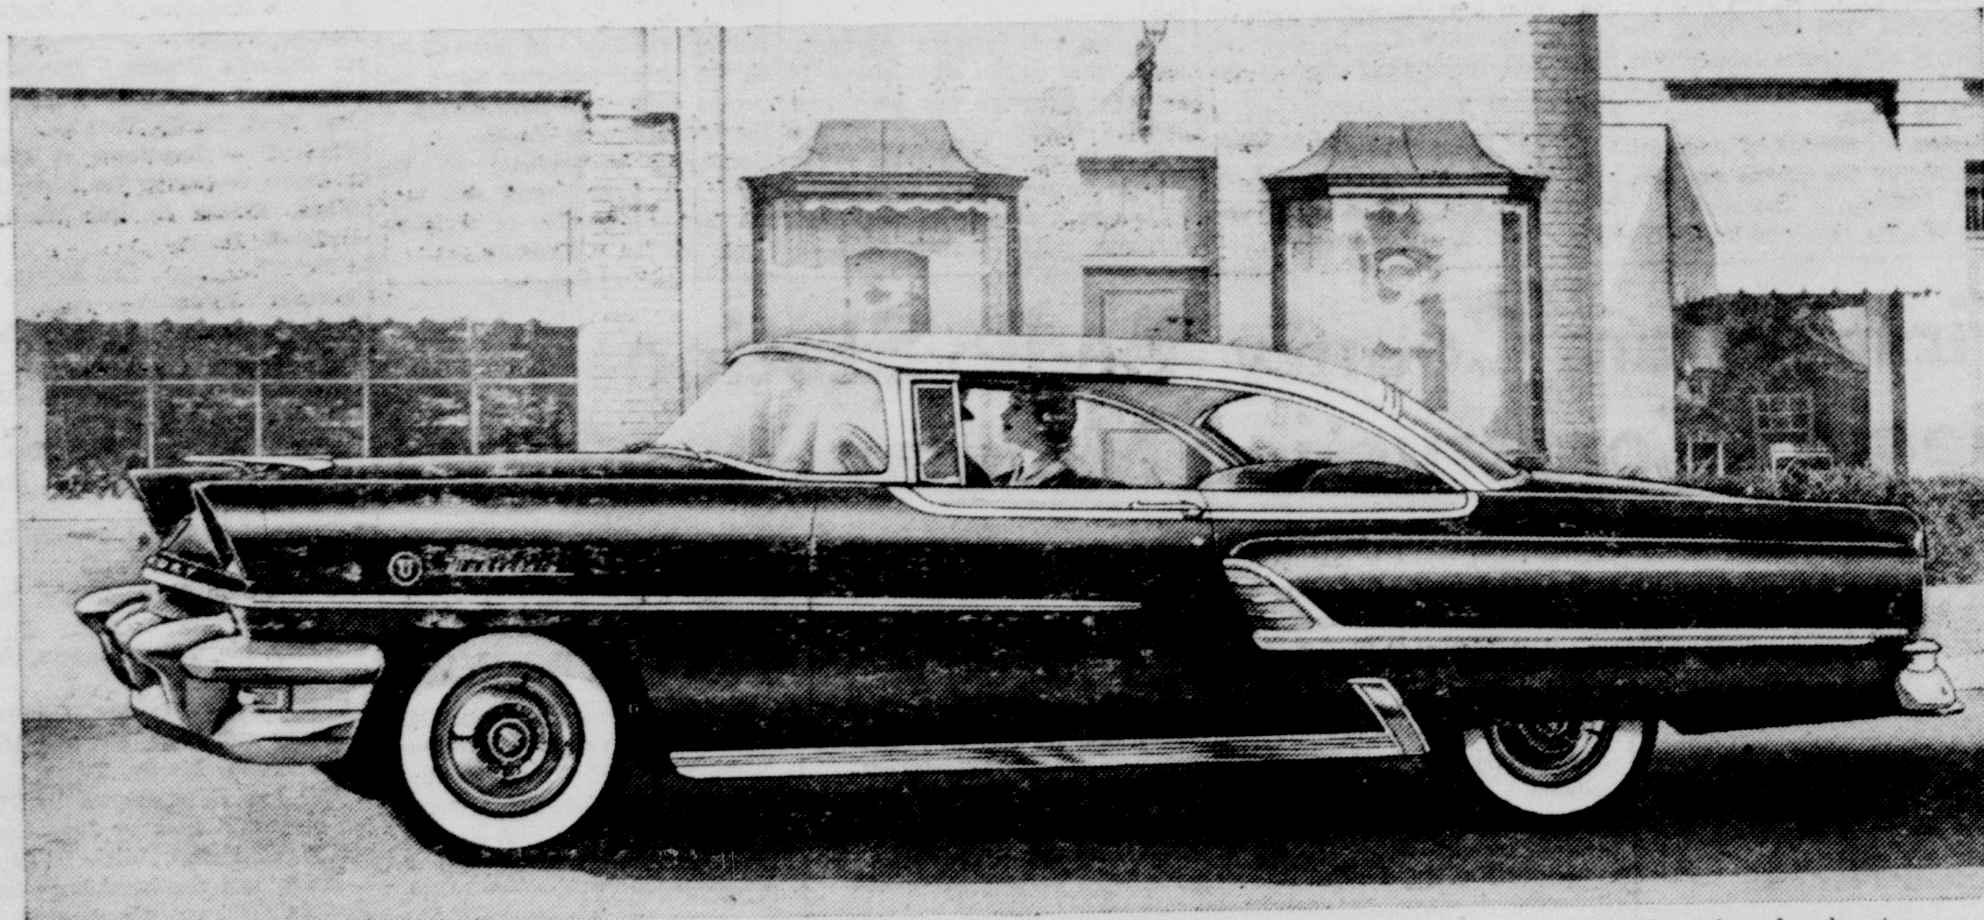

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings... back of anything people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spoiling children—of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs yourself... but it's not smart to give them the "bird."

## Agriculture Has Highest Number of Accidental Deaths

Between 14,000 and 15,000 farm residents will be killed in accidents this year if the 1955 death rate conforms with that of previous years. Another 1,200,000 or more may be injured.

According to the National Safety Council, which with the Department of Agriculture is co-sponsor (July 24 — 30), farming is the nation's third most hazardous industry. Mining and construction have a higher rate of work deaths per 100,000 workers, but agriculture has the highest number of accidental work deaths.

Because farm mishaps tend to occur most often during late morning or afternoon hours, when body reflexes are more sluggish, many safety men recommend that rural workers emulate office and factory employees and take brief coffee breaks about 10:30 a.m. and 3:30 p.m.

In one nationwide industrial study 82 percent of the personnel interviewed reported that coffee breaks helped to reduce fatigue; 32 percent reported a lower accident rate.

The National Safety Council included the following among "major unsafe acts" which farmers should guard against: failure to make regular safety inventories; hurry (taking shortcuts that cause accidents); using defective, unguarded, or wrong equipment (daydreaming while working with heavy machinery or near hazardous work); improper animal handling violating commonsense safety rules; allowing children near dangerous machinery.

## Salty Community Slates Homecoming August 14

Salty community has scheduled their first annual homecoming for Sunday August 14 at the Salty Church. A program has been planned for the day, according to A.

C. Towery.

Everyone is to bring a well-filled basket lunch for the noon meal. Tea and coffee will be served.

Friends and members of the community are urged and invited to attend.

## Response To Tennis Is Slow; Age Group 8 — 15

Coach Leo Jackson reported that students are not responding to the tennis Tournament in the Summer Recreation Program as they should with only a few youngsters registered for play thus far.

He urged that all boys and girls, between the ages of eight and 15 enter competition in the tournament which is to start Monday.

All the girls wishing to enter were advised to see Miss Dallis Young at the Tennis Courts Monday wanting to enter should see day evening before 7 p.m. and the Coach Jackson Tuesday evening at the Tennis Courts before 7:30 p.m.

Age groups in competition will be the eight to 12 year olds; 13 and 14 years of age and the 15 year and up bracket.

## Kiwanis-Columbus Game Turns Into Hilarious Riot

In a report of the Kiwanis - K of C Club Beauts baseball game Tuesday night officials reported the affair to be a huge success, with another game planned next year.

There was an estimated crowd of 250 spectators present to watch the unprecedented skirt-stuffed game.

Things went pretty much to schedule, Coach Leo Jackson, the umpire, found it necessary to call many of the players "out" when they were up to bat for "hitting home runs and hitting like a man. During the seventh inning however, the skirt-clad, hat and ear-ring bedecked players got into a wrangle along the bases and ended up shoving their feminine claws and tearing the clothes from each others backs. The fire department was called out to stop the fray and Ray Green, manning the hose, thoroughly soaked the out-raged players, who, in turn, took the hose away from and sent him and sent him running for cover — soaking wet.

Hinton Pruett, county superintendent, threw out the ball starting the game for which the First National Bank furnished the loud-speaker.

Club officials stated that they particularly wished to thank those parties along with the members of the Fire Department and other concerns which helped to make the game so successful.

M-Sgt. William Fick spent a 15-day leave with his parents, E. C. Fick and other relatives. He is being transferred from Armairill to to England.

## Foxes Lead Summer Bowling League

The Foxes are in the lead in the Summer Bowling League again, with only five more weeks of play. Standings in the mixed league are as follows: Foxes, won 25, lost 11; Panthers, won 24 and lost 12; Tigers, won 24 and lost 12; Beavers, won 21 and lost 15; Wildcats, won 18 and lost 18; Coyotes, won 17 and lost 19 and the Wolves, won 13 and lost 23.

High man for the evening was Pete Susek having a total pinfall payst was high for the ladies with 179 for one game.

High team pinfall for one game was by the Wildcats, who scored 667. The Tigers had the high pinfall for the three game series with 1672.

## Cotton Crops Going Down Under Heat

Ten long days of gazing at the heavens in hopes of life-giving rain, and still no sign of darkening skies, is the lament of Milam County farmers this week.

The cotton crops, which looked to provide a bumper yield for the farmers in this area some two weeks ago, are suffering many of nature's maladies now. The diseases are rampant and numerous. There is the boll weevil, quickly taking command of the situation, root rot, shedding from various causes, but, primarily, there is the withering leaf. Moisture would cure many of the cotton stalks and the farmers' ills.

Alva Sanders, of the local A.S.C. office, said that if the cotton crops could get a good, soaking two or three inch rain Milam County may still have a bumper crop. But, he added, the rain is going to have to come in the next few days to do any good. The plants, made healthy with early spring rains, are quickly withering away and the many bolls on the stalk will open soon before they are mature.

He said that the drought is getting so bad that the cotton is beginning to be wilted by 10 a.m.

When asked if he thought that irrigated crops would become pre-

valent in the county Saunders answered that irrigation would probably remain limited for the next few years. He explained that, except in the river bottom land, the up against many problems, level-farmers wishing to irrigate ranging the ground, which is necessary to irrigating and finding an available and extensive supply of water.

Mr. and Mrs. Gene Blake and boys, Glenn and Kenny, and Mr. and Mrs. Milton Schiller and girls, Linda, Nancy and Peggy left this week for a vacation.

Mrs. Virginia Schuster and son Charles has returned home after a vacation.

## Strept Throat Leads In County Diseases.

Milam County Health Unit reports four different type of diseases for the week ending July 16.

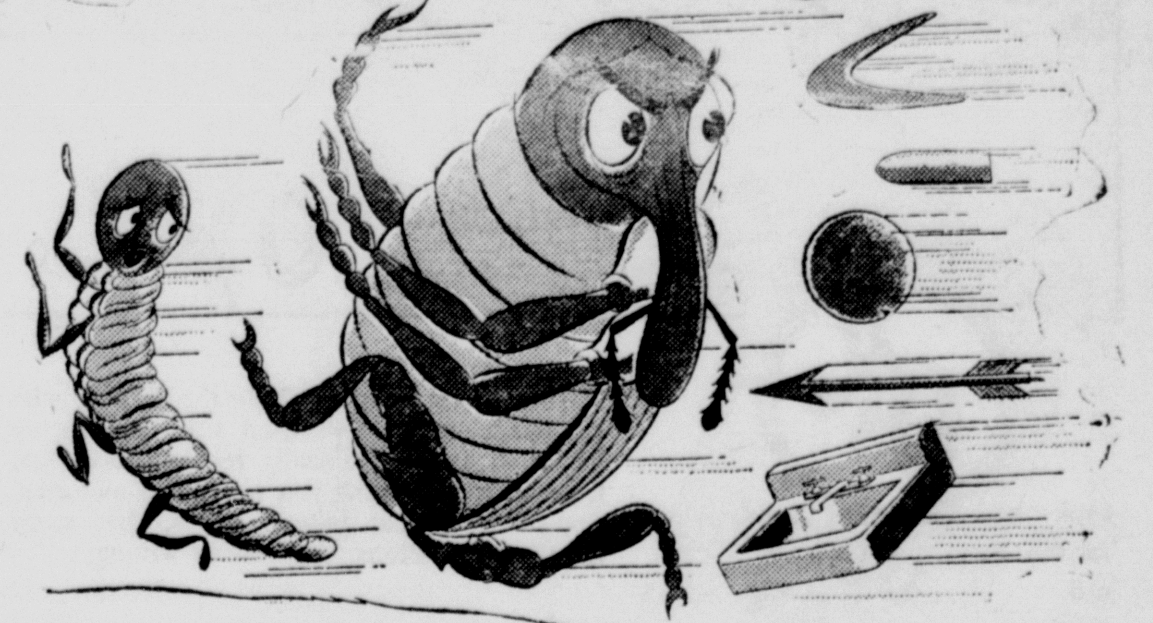

Scarlet fever and strept throat heads the list with twenty-eight victims, pertussis places second with four, two measles, one gonorrhea, and one of chickenpox. Strept throat has led the list

for several weeks and seems to be attacking both adults and children. Some cases have been hospitalized due to their throats conditions.

Miss Lucille McClaren, Mr. and Mrs. Vardeman and children, Pa and Debbie of Waco and Mr. and Mrs. Andy Valenta of Fort Worth were Sunday guests in the home of Mrs. S. W. McClaren, Sr.

## Farm Bureau Against West Texas Counties Getting Most of Cotton Reserve Acreage

A bill introduced by Rep. W. R. Poague would reduce the state reserve to 2½ per cent. The legislation was introduced as a result of demands of farmers in older producing areas in the state. They claimed that the state Agricultural Stabilization and Conservation committee was unfair in allocating most of the reserve acreage on a trend basis. Counties in West Texas are not getting their share.

The Board of Directors of the Texas Farm Bureau went on record July 20 favoring a 50 percent reduction in the state's cotton acreage reserve.

Farm Bureau wants the controversial state reserve cut from 10 to 5 per cent and the county reserve from 15 to not less than 5 and no more than 10 per cent. Texas and other areas where cotton production is showing an upward trend received most of the state's 10 per cent reserve this year.

## Kiwanis Hear E. A. Perrin On Co. Road Program

E. A. Perrin, of the Good Roads Committee of the Cameron Chamber of Commerce, was guest speaker at the regular Kiwanis Club meeting Thursday at the Milam Coffee Shop.

He was introduced by Guy Clements, program chairman. Perrin talked at length on the road situation in Milam County and lamented that the people in the county were holding back the road program by not being more cooperative.

He stated that is not lack of funds which cause so many bad roads in the county, that ample funds have been set up for this area by the State Highway Department, but the people not selling the right-of-way necessary for road-way is blocking the progress. As an illustration he pointed out that some four years ago the state gave the go-ahead on the Hanover road, and the project is just now starting since the right of way was so long being obtained.

He further brought out the fact that each year one precinct in the county is allowed the majority of the allocated funds for improvement, this year it is once again allotted for this precinct with the allotment for four years ago just now being used.

Wiley Loughmiller directed the short business session during which Jack Tumlinson announced that a total profit of \$62.24 was derived from the Kiwanis, K. C. ladies baseball game.

## Installation of Slide At City Park By Cameron Jaycees

Cameron Jaycees have installed a new 16-foot slide in the city park, president Jack Slaughter reported Monday.

A committee composed of Milton F. Brown, Jr., chairman, Dr. E. O. Smith, Dr. George Bowman, Richard Williams and Jimmy Wiggs.

The slide was placed in the approximate position of the old one. The merry-go-round has been put in good condition and children are enjoying the new facilities.

The city park has been a centrally located place of recreation for children and grown-ups for many years and many social occasions have been held there. The park has been used in year past for outstanding political gatherings as well as for events of historical nature and value to the city of Cameron and Milam counties. Visitors passing through the city have utilized the park for rest and recreation. Family reunions have been held there.

The Jaycees have had the project under plan for several months and were happy to install this attraction for the children of Cameron and surrounding areas.

The members of the organization are to meet tonight for a get-together at Caperton's Lake at 7:30.

## Nerveousness From Irregularity

By J. E. Boyce, D. C.

Nerveousness in women is as common as a cold and the cause is about as obscure if you use the usual channels to try to get help.

Our clinic experience disclosed that the great majority of nervous women have some sort of female trouble. Instead of telling them to take up golf and try to forget it, we begin a systematic search to locate the cause of the female complaint and when we find and remove this the nervousness usually vanishes just like that!

Here is an actual clinic case which aptly illustrates this:

A lady age 39 came to this clinic seeking correction of an abnormal menstrual condition. An absence of menses over a period of 2 to 4 months accompanied by body swelling, severe headaches, and extreme nervousness. Examination and X-rays located the cause. Adjustments restored the spine to normal — nerve tension was released and in a short time the patient was completely free of her menstrual trouble.

While our critics go about saying it can't be done, we have already done it. Results speak for themselves.

## Episcopal Church Schedules Bible School August 1-5

All Saint's Episcopal Church announces its annual Vacation Church School. The Church School for all the children of Cameron will be held for one week, August 1-5, Monday through Friday at the Episcopal Church, Travis and Second streets. Classes will be held from 8:30 to 11:30 in the mornings.

Each day will begin with a short worship service in the Church after which the children will proceed to their classes where there will be Bible lessons, games, refreshments, and guided creative activities. All those children who are able to read are urged to bring their Bible.

The main theme of the Vacation Church School centers around "Christian Personal and Group Relationships". The children will discover the way a Christian relates himself to his home, his church, his school, and the community. Equally important, he will see the manner in which a Christian directs his life to the people in each of those groups.

### CARD OF THANKS

Vera and I wish to express our sincere thanks to our many friends for the kind deeds they did during my extended stay in McClosky Hospital in Temple. To those who sent me beautiful flowers and cards I want you to know that they were deeply appreciated, also the letters I received.

I especially want to thank Mary Pearl Reed and our neighbors for their many kindnesses shown toward Vera during my illness.

May God bless each one of you.

## Daniel - Hart Bridal Shower Saturday

There will be a bridal shower for Bobby Daniel and Margaret Hart of Austin Saturday night at the home of Mr. and Mrs. Nelson Davis.

The couple is well known in Sharp and has many friends in that part of the county.

## Jerry Schiller Family Returns From Louisiana Vacation Tour

Mr. and Mrs. Jerry Schiller and girls Marsha and Beverly returned this week from a vacation to Lake Charles, Baton Rouge and New Orleans, La. They enjoyed sight seeing while on their tour of this part of the state. They returned by the way of Port Arthur and other points along the coast.

## "Dry Run" Sunday For Firemen

Local volunteer firemen were called out on a "dry run" Sunday afternoon when a car driven by a Cameron woman was thought to be on fire.

She was driving down the Tem-

ple highway when smoke and the odor of burning rubber filled the car. Thinking the automobile was on fire she called the fire department.

They discovered that she had probably been driving on a flat tire, which was smoking and just ready to break into flames.

No damage was reported.

## Ben Shepherd Talks To Lions Members

Ben Shepherd, an official at the ALCOA plant in Rockdale was the guest speaker at the regular Lions Club meeting Monday.

He was introduced by Narvie Caperton, program chairman for the day, and gave an informative report on the progress of the local industrial plant since its beginning. He also brought out some of their plans for future expansion and outlined the various methods of producing aluminum at the plant.

Shepherd spoke at some length on what the plant has meant to this area in the past and the future possibilities for advancement of Milam County.

In conclusion he showed a num-

ber of colored slides taken of the plant during its construction and after completion.

Dr. George Bowman, president, officiated during the short business session. Plans were made to have a Lions Carnival this fall, with the time set for sometime in September.

## Cattle Market Still Strong Here

Once again this week the cattle market in Cameron was stronger than in most sections of Central Texas.

O. A. White, manager of the local Cattle Auction Sale, reported that fat steers and cows were up about \$1.50 on an average with stocker cows and calves steady with last week.

There were 151 customers selling 514 head of cattle here Thursday and 40 buyers.

White said that he expected the cattle trend here to remain steady next week.

Tell gossips about others, only what you would have others tell about you.

# Most Modern, Shortest Stroke V8's in any leading truck!

## New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... longer engine life!

Here are more dollar-saving reasons why Chevrolet trucks offer the most modern V8's\* for your money!

### MODERN 12-VOLT ELECTRICAL SYSTEM

Double the punch for quicker starting and more efficient ignition for finer performance.

### GAS-SAVING HIGH-COMPRESSION RATIO

With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

### EXTRA-HIGH POWER PER POUND

Since these V8's deliver high power per pound of engine

weight, more of the power is actually available for hauling.

### ADVANCED AIRCRAFT-TYPE VALVES

Valve action is more positive at all speeds for finer, smoother performance.

### FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION

Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

\*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.

Year after year... America's best selling trucks

Plans are being completed for the commissioning ceremonies of Naval Air Reserve Facility, Conroe, to be held at the Montgomery Airport on Sunday, July 31 1955.

The airport which is located four miles northeast of Conroe, will be commissioned as a Naval Air Facility, and will serve as training for Navy and Marine Air Reservists throughout Houston, and the Gulf coast area. Three Auxiliary Navy Units and one Marine Sub. Unit is in the process of being formed, and will train at Conroe.

At the present time, all units have opened billets for enlisted personnel and officers.

Veterans and Non-veterans desiring to become affiliated with the Naval Air Reserve Program are requested to contact CDR J. R. Liles West Building, Conroe or the Navy Officer, Bldg. 202, Veterans Hospital, Houston for further information, and for processing.

The Naval Air Reserve program is open to veterans 39 years of age or under, and to non-veterans between the ages of 17 and 18 1/2 years of age. The reservists drill one weekend each month, and participate in a two week cruise each summer.

Personnel interested in the program should contact CDR Liles or the Navy Office, Bldg. 202, Veterans Hospital, Houston, as soon after July 16, as possible in order that they will be completely processed by the date of the commissioning of NARF, Conroe. Veterans are requested to bring the following if applicable and available; Service records, Birth certificates,

with Mrs. Bill Matyastik at the piano.

Pre-service prayer meeting groups will convene at 7:30 nightly. Morning services will start at 10:45, immediately following the Vacation Bible School sessions on Monday through Friday, with Rev. Stinebaugh preaching. All former members and friends of the Burlington Baptist Church are most cordially invited to attend the revival meeting.

**Burlington Baptists Schedule Revival July 22 through 31**

Rev. J. D. Stinebaugh, pastor of the Ridgela West Baptist Church of Fort Worth, will be the evangelist at the annual summer revival at the Burlington Baptist Church from July 22 through July 31, the pastor, Rev. Lewis W. Newman, has announced.

Rev. Stinebaugh is a former pastor to the Burlington Church, having served in that capacity from 1943 to 1948. In 1948 he became the first pastor of the newly organized Ridgela West Baptist Church of Fort Worth. Under his dynamic leadership and spiritual ministry the church has enjoyed a phenomenal growth to its present enrollment of 950 in Sunday School, establishing it as one of the largest churches in that city. He has led the church in a progressive and substantial building program. The church property, valued at \$150,000.00, is composed of beautifully landscaped grounds and a sanctuary and educational units of light bricks. Rev. Stinebaugh was graduated from Baylor University with the Bachelor of Arts degree and from Southwestern Baptist Theological Seminary with the Bachelor of Divinity and the Master of Theology degrees.

Rev. and Mrs. Stinebaugh will be guests in the home of Mr. and Mrs. Henry Davenport of Rosebud during the Burlington revival.

Services will begin each evening at eight o'clock with with Herman Schulz directing the music and

Monroe Fuchs is Named Distinguished Student

Monroe H. Fuchs of Cameron has been named a distinguished student for the spring semester at Texas A. and M. College. A distinguished student must have a grade point ratio of 2.25 or better.

Plans are underway for a homecoming at the Minerva Methodist Church, Sunday, July 31.

This will be the first time a homecoming has been held at the Minerva Church. It is hoped that all former residents and friends of the Minerva community will return and enjoy visiting old friends.

An interesting program is being planned.

Visitors are asked to bring a picnic lunch to be spread at noon. Iced tea will be furnished.

**Minerva Community Slates Homecoming Sunday, July 31**

Henry M. Siebman, manager of the Texas Power and Light Company, Cameron, has been named a member of the industrial development committee of the East Texas Chamber of Commerce.

The announcement was made by Charles F. Hawn, Athens, president of the regional chamber.

Hawn stated that the committee will stress the need for local communities to carry out balanced programs of preparation for industrial development and will urge adequate measures for assisting industries after they have been located.

He added that the committee will advocate a practical tax atmosphere for industry and will encourage industry to take part in local and state development.

Hariston Homecoming Set For August 7 at Rockdale

The annual Hariston homecoming has been scheduled for Sunday August 7 at the city park in Rockdale.

All friends and relatives are invited to attend, and bring a well-fill picnic basket lunch.

**Frozen Bread Makes Sandwiching Easier**

Choose sandwiches for picnic meals and easy summer living. They can be so very versatile. They may be stay-at-homes, go traveling, into the lunch box, or they may grace an elegant tea table.

Try making sandwiches with frozen bread, if they are not to be eaten immediately. Bread is easier to spread when frozen than when very soft and crumbly. The chill from the frozen slices putwiches keeps the filling fresh — even lettuce will keep crisp for several hours. Why not try this next time you pack a lunch box or when you start on a trip and plan to have your first lunch in the car or at a roadside park.

**Catholic Girl's Team To Receive Trophy In October**

Cameron Catholic Youth Organization was in Bryan Sunday for a twin bill with the Bryan Catholic youngsters. The girl's team was successful in bringing home the bacon but the boy's were lambasted 17-5. The girl's score was 16-11 going seven innings.

Three homes for the winners were made by Barbara Gurecky, Emily Vybrial and Ethel Mae Jistel.

Trophy will be presented the girls at a district meeting here in Cameron in October at the Simon-George Memorial Hall.

## DA'S Special Livestock Loan Program Extended to July 14, 1957

**FRANK BRIDGES**  
U. S. Department of Agriculture's Special Livestock Loan program has been extended for years, through July 14, 1957. The extension is contained in Public Law 166, which was signed by President Eisenhower July 15.

During the two years this credit program has been available through Farmers Home Administration loans totaling more than \$54,000 have been made to live-

stock producers. Of this number 1744 loans totaling more than \$18,000,000 was made to Texas Livestock producers.

Under the legislation extending the program, initial loans will be made through July 14, 1957. After that date, additional advances may be made for a period of two years to borrowers who require additional time to make necessary credit adjustments and to repay the loan previously received.

Special livestock loans are made to established producers and feeders of cattle, sheep, and goats (except commercial feedlot operators) who are temporarily unable to get from regular sources the credit needed to continue their operations.

To be eligible an applicant must have a good past record of livestock operations and have reasonable prospects for success with the help of the loan.

The loans are made to meet the usual expenses of livestock operations such as the purchase or production of feed, and replacing or repairing of farm machinery. Loans also may be made for the restocking of herds to normal if the applicant can carry his present herd, plus the additional livestock to be purchased, without buying a substantial portion of his feed. Loans are not made to pay existing debts except current incidental bills.

The loans are scheduled for repayment as soon as possible within a maximum period of three years. Other creditors are not asked to subordinate their liens but are expected to execute a standby agreement and agree that a reasonable part of the applicant's normal income from livestock can be

used in repaying the loan. Applications for special livestock loans may be made at the local county office of the Farmers Home Administration located in the Henderson Building in Cameron, Texas.

## Senior League Turns Out Two Hot Games; 2 Hits off Thompson

Senior League ball players turned out two hot games Thursday night, with the first game, between Team I and Team II, a nothing to nothing ball game up through the fifth inning of play.

In the top half of the sixth, Team I, coached by Le Roy Thompson, came through with 3 runs, on two hits, a walk and an error to win the game three to nothing. The winners chalked up four hits in all during the game.

Team II had two hits to their credit during the game.

Pitcher for Team I was Jimmy Thompson with Bobby Williams catching. Clyde Koenig was pitcher for the losing team with Ray Green catching.

In the second game of the evening Team IV, managed by J. C. Damron, eked out a six to five victory over Team III, managed by George Hollas. The winners had five hits to their credit. They made one run in the first, three in the second, one in the fourth and butted out their win with a run in the bottom of the sixth.

Team III had two hits, with two runs in the first, one in the second and two in the fourth.

Batteries for the Team IV was Bob Brantley pitching and J. Retting catching. Jody Brantley was a pitcher for Team III with Williams catching.

## Strept Throat Leads Weeks Disease List

Milam County Health Unit's report for the week ending July 23 reveals that Strept Throat still is in the lead for communicable diseases.

Fifteen cases are reported from this disease. Others include gonorrhea, 2; pertussis, 5; syphilis 1; syphilis in other forms, 1; influenza 2 and mumps 2.

Strept throat has led the list for the past three weeks with 28 cases reported the week ending July 16.

## Rev. H. M. Bowley Announces Revival To Begin August 7

Rev. H. M. Bowley, pastor, Full Gospel Tabernacle has announced a two week revival will start Sunday, August 7.

Plans have been completed to erect a tent at the lighted city park for the revival. Services will be held at 8 o'clock each evening. The announcement of the evangelist is forthcoming and will be made known in the near future.

Rev. Bowley said, "the church is making a city-wide campaign effort to reach people in all areas of the city and surrounding communities." He said that "all people are invited to come and worship with them regardless of their denomination."

He added "our church is extending an arm of fellowship to reach the lost of the city and win them to Christ." He also said, "the need for such a campaign is great in Cameron and we as a church will put forth an effort to reach those who are lost in sin."

## San Antonio Meeting Place For Catholic School Session

The Summer School of Catholic Action will make its ninth visit to San Antonio in the past seventeen years when it holds a six session at Our Lady of the Lake College, July 31-August 5, the Rev. Erwin A. Juraschek announced. The last session was in 1949 and attracted over one thousand visitors to the Alamo City.

The San Antonio SSCA committee, headed by Miss Alberta Bryne and Frank Riley, St. Mary's University is going all out in its effort to make this school one of the most successful ever held in this part of the Southwest, and we are confident we will set a new record for schools of this nature, the priest chairman said. "Previous top figures was set in 1947 when 1600 students from many parts of the United States braved "unseasonable" weather to come to this Texas City."

Pool Jameson of Freeport and Bailey Jones of Rosebud were weekend visitors in Cameron.

## Elizabeth Newton At SWTSC For Dramatic Workshop

A student from Cameron is currently enrolled in a speech and dramatics workshop at Southwest Texas State College.

Elizabeth Newton was among those who registered early for the special course, which will last until Aug. 6. The first phase of the workshop began July 18 and the second phase, on July 25.

In the first phase of the program, "Problems in Dramatics" offers senior college students, graduates, and public school teachers the opportunity to train and study under competent speech authorities.

Elizabeth, who is the daughter of Dr. and Mrs. W. R. Newton, is enrolled in the second phase in which high school and junior high students may enroll for two weeks, July 25 to Aug. 6. These students receive concentrated instruction week workshop and under regular SWTSC faculty members.

Prof. James Barton and Dr. E. ton Abernathy of the Southwest Texas State College Speech Department have invited three guest instructors to work with them in the workshop.

On Tuesday, July 26, Miss Chloe Armstrong of Baylor University will discuss "Oral Reading in high school" during the day's sessions. She will read various types of speech materials at a 1 p. m. seminar in the Sun Room of the Student Union Building.

## Invitation Extended Cameron To Take Part In Waco Fair

Cameron has been invited to have a "day" at the Heart O' Texas Fair in Waco, Oct. 1-7. The invitation was extended in a letter from President Russell A. Cox and Executive Vice President Otis M. Neely.

This city is asked to participate in the entertainment program on the big outdoor stage at the fair, name a Cowgirl Sweetheart of be introduced to the rodeo audience, and have the riding club ride in

the rodeo grand entry. So that the local delegation may sit together, a block of choice seats will be set aside, if desired. There is a daily World's Championship performance the first six days; The rodeo is at night except on Sunday, Oct. 2, when a matinee will be given. Duncan Renaldo, the Cisco Kid of Movie, radio, newspaper comic strip and TV fame, will appear in person at each performance.

Appreciation for the generous support given the fair the first two seasons was expressed and insurance was given that many new features will make the '55 exposition the best yet.

## Second Training Conference For Boy Scouts Set

The second T-Man Conference (T for Training) to be held by the Heart O' Texas Council, Boy Scouts of America will be held August 20-21 at the Heart O' Texas Council Training Chairman announced.

The purpose of the T-Man Conference is to train members of the Cub Scout, Boy Scout, and Explorer Leaders Training Teams from the seven Districts of the Heart O' Texas Council.

These training teams will then train and put on the basic training courses for all scout leaders.

Dr. Smith will be aided by Hubert Davis, Marlin, Council Scoutmaster Trainer, Dr. Herbert Schwetman, Council Cubmaster Trainer and Royce Reagan, Council Explorer Advisor Trainer, both of Waco.

## Methodist Youth Have Outing At "White Sands"

Members of the Methodist Youth Fellowship Organization of Cameron boarded a hay-laden truck on Friday afternoon for a hayride and weiner roast.

The truck, furnished by Buck Angell, drove the 30 odd young people to "white sands" on the banks of the Brazos River for their outing.

Supervising the activities were

the MYF, Mr. and Mrs. Forrest Sapp and chaperones, Mr. and Mrs. E. C. Cole, Misses Shirley Horstmann, Sue Rosson and Veronica Michalka.

Sponsors stated that the outing was so successful that other similar activities will be planned by the group during the summer months.

## Provisions Listed For Farmers Social Security Reports

"Social Security coverage of the self-employed farmer or rancher, which started this year, will not impose any new or heavy book-keeping job," James M. Barley, District Manager of the Austin social security office said.

The same records which the farm or ranch operator has been keeping in order to figure his income tax will provide the information necessary to figure his net income on which his social security tax and credit will be based. The form used to report such income for social security purposes will be similar to the Schedule F which farmers and ranchers have been submitting with their income tax returns in past years.

For the small scale operator whose income has been too low to require a detailed income tax return, special provisions have been made which make it easier for him to report that income for social security credit. These special options also help insure that his social security credit will continue unbroken through years of crop failure or poor market conditions.

Those farmers who report on a cash basis, which most farmers and ranchers do, and who have a gross income of \$1800 or less for a year may report either their actual net earnings or 50 per cent of the gross income. A figure of less than \$400 cannot be used for social security credits. The operator whose annual gross income is over \$1800 must first figure his actual net profit, but if his actual net income is below \$900. Both the tax due and the social security credit received will be based on whichever amount the farmer chooses to report. In the interest of building security benefits for the future, it is up to the highest possible social security credit that most farmers and ranchers will exercise the option of reporting the higher amounts.

## Announcing --

Our public grain warehouse has been approved for storage of grain sorghums of a quality eligible for loans under the Government price support program.

We are receiving Yellow Milo containing not in excess of 13 per cent moisture. Each load is sampled, tested for moisture content, grade, etc. before unloading.

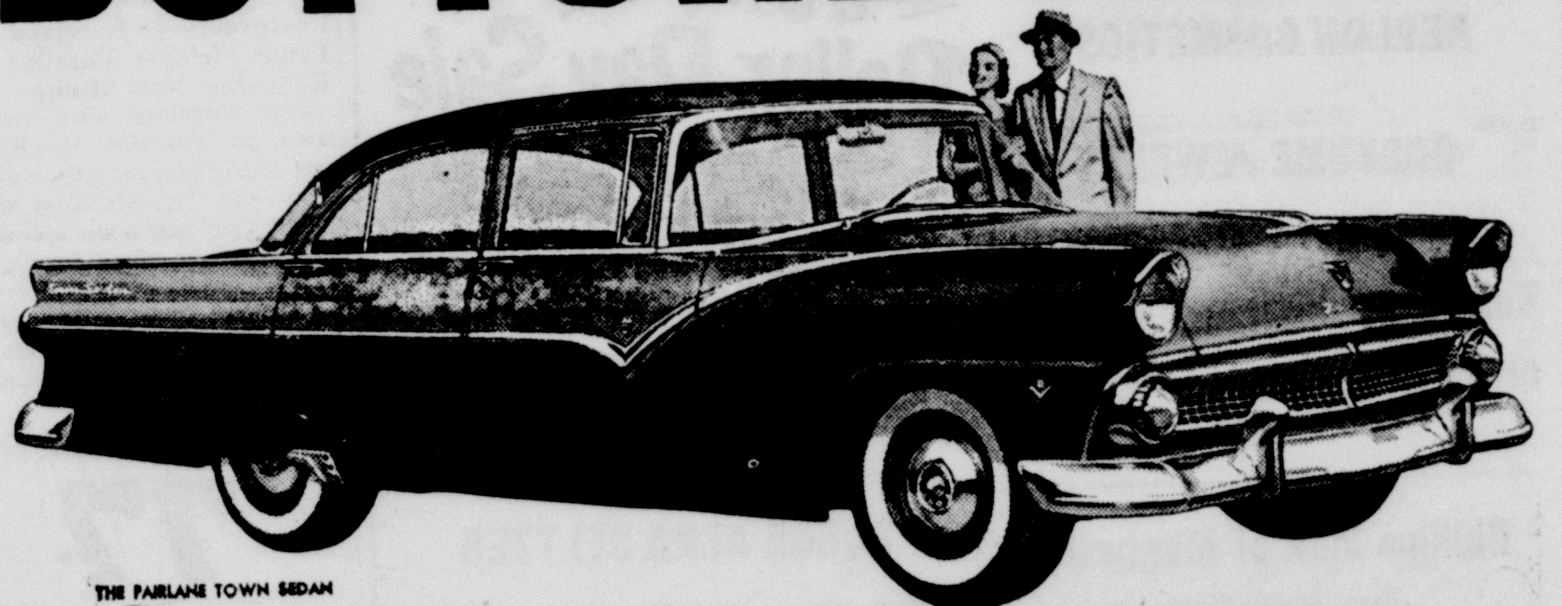

Grain received for storage is weighed at Batte-Hickman Public Scales, at no cost to producer, and weight ticket issued for each load. Warehouse receipts will be ready about three days after deposit of grain.

We are happy to provide these storage facilities for the use of farmers of Milam and surrounding counties.

## Charcoal Rot on Grain

## Sorghums Reported

J. D. Moore, county agent  
 Some farmers have reported to the county agent's office about their grain sorghum breaking at ground level and falling. Though the trouble is only in spotted areas it can cause concern. This is called Charcoal Rot. This is a serious disease of grain sorghums in Texas. Droughty conditions increase its severity. It affects the plants by rotting the stems and causes lodging as the crop reaches maturity.

The diseased plants ripen and dry up prematurely. They have poorly filled heads and light weight kernels. In advanced stages the inside of the stalks appear shredded. They also look as if they had been sprinkled with black pepper due to minute bodies called sclerotia, which are formed by the fungus causing the disease.

Since charcoal rot is always worse when the plants grow under droughty conditions, losses can be reduced by using good soil management practices to store and hold as much water in the soil as possible. Lat plantings are damaged much less than early plantings because the plants reach maturity at a time when moisture is usually more plentiful.

## Yanks Score In Fourth To Prevent Shut-out

Little Leaguers are really expending a lot of energy and putting on some excellently played games for the spectators. After the games Monday night the Braves, coached by John Florida and Wayne Mann, are in the lead in the summer series.

In the first game of the evening the Yankees, who were tied for first, were defeated by the up and coming White Sox, with the final score reading five to one.

This put the hard to beat Yankees in second place and the White Sox in third.

Much of the strength of the Yankees has been attributed to the pitching of Fikes. Pate was catcher in the Monday game.

Battery for the winners was Patterson on the mound and Eisfeldt catching.

The White Sox started swinging in the third inning to pile up four runs before the third out was called. They made their only other run in the fifth.

Yankees couldn't find the ball during the first three and scored their only run in the fourth.

In the second game of the evening between the Braves and the Indians, the winners started off strong, with two runs scored in the first inning. They tallied seven more runs during the next four innings bringing the final score to nine to the Indians seven.

The losers, playing an excellent game of defense and offensive ball, scored three in the second inning of play, two in the third and two in the fifth.

Battery for the winners was Edmondson pitching and Veazy catching.

Jistel was pitcher for the Indians with Griswold catching.

## Team 1 Leads Pony League; Green Pitches

Team I has a one game margin over Team II to lead the field in the Pony League. They won their first game Monday evening from Team IV to gain the necessary ground to put them in first place.

Final score was a close six to five after five innings of play.

Team I scored one run in the third, three in the fourth and two in the fifth, with Team IV making one run in the third and four in the fourth.

B. Elliott was pitcher for Team I with R. Tepera catching and McDermott put the ball across the plate for Team IV, with Williams catching.

In the second game, another close one, Team II took a five to four victory from Team III.

All of the runs were made in the first two innings of play with the pitchers holding their opponents during the final three innings. The Winning Team II scored three in the first inning with Team III scoring two runs and both teams scored two in the second for a bank-up, breath-taking ball game.

Pitching for the winners was RayGreen with R. Tepera catching.

Chili Williams was pitcher for the losers with Lee Hollas catching.

It's all in the family, but in reverse order. Jo Ena McDuff of

Tulia is enrolled at Mary Hardin-Baylor college as a freshman this summer.

Her mother, Mrs. Loueva Couch Templeton of Tulia, will enroll at the college in September, and Mrs. Stella Vaughn of Oklahoma, Jo Ena's grandmother, is also planning to enroll as a student at the college.

Five of Mrs. Vaughn's daughters have attended Mary Hardin - Baylor college, and three have graduated.

## John Henderson, Jr. On Naval Cruise In Caribbean Sea

John Henderson, son of Mr. and

Mrs. John B. Henderson of Cameron is listed on the Spring Semester honor of the College of Business Administration at the University of Texas.

John is a graduate of Yoe High School where he held a number of honors, graduating third in rank in his class.

He recently left with a number of friends from the university for a trip through southern states on to Washington, D. C. and New York. He boarded the Cruiser, USS Newport News on July 18 for a cruise in the Caribbean Sea, on to Panama. He is midshipman in the Naval ROTC at the University and will be on the cruise until mid-September when he will

return to the university where he is classified as a senior.

Henderson will begin study in law school this fall. During the past year he was president of his fraternity, Phi Kappa Psi, chairman of the student faculty committee and was elected to the honorary organization, Silver Spur.

## Don Reid, Speaker At Rotary Club Wednesday Noon

Don Reid, newspaper representative from Huntsville, was guest speaker at the Rotary Club luncheon-meeting Wednesday at the Milam Coffee Shop.

Reid, was introduced by Milton Brown, program chairman.

He gave many interesting highlights on prison executions, having been a spectator at 134. Then he brought out that all civic organization can greatly aid released prisoners in a rehabilitation program. Reid reminded the members that there are now three times as many prisoners behind the walls as there were some 25 years ago. If the number of criminals keeps increasing, Reid concluded, the Huntsville prison will soon have to be enlarged again.

There were 23 members present at the meeting with Rollan Carr presiding in the absence of president Gene Blake. One visitor was

introduced, Mr. Elliott of Mercedes, Texas.

## Milam HD Camp Held at Buchanan

Milam County Home Demonstration Club Camp was held at Buchanan Dam July 13 - 14. There were twenty-three members to attend from the following clubs: Walkers Creek, Buckholts, Hoyte, Gay Hill, Burlington, and Ben Ar

Mrs. Alice Hughes, county agent, attended with the group. Willard Cooper drove the bus to the camp and on to Longhorn Caverns. Everyone enjoyed the recreati-

on and eats and reported they had a wonderful time.
